Hey Mike

In the interest of finalizing the ROD, can I ask that CRA make the text boxes bigger on these figures so that they can be inserted into the document? When reproduced, the existing figures are unreadable. Would this be a problem? I believe I asked CRA to do this before. Please let me know.

Thanks

Dion

Dion,

Attached are the FS Report figures that you requested earlier today. As directed, all of the figures have been converted into .jpg file format. Let me know if you need additional help.
